

# Student Association **DaVinci**

**Student Association DaVinci** is, with over 250 registered members, the first and largest student association of Venlo. We are the ones to organise the best parties all throughout the year and offer you fun distractions from school. Our aim is to give you the time of your life during your time as a student here in Venlo and let you connect with more people outside school.

## **WHY BECOME A MEMBER OF S.A. DAVINCI?**

We organise parties and activities for you to take part in, all year through. Enjoy evenings out for theme parties, fun activities like karting and lasertag, and of course our annual events like the beer cantus, our Christmas Gala and the boatparty. Also, halfway the year we organise a skitrip for those who enjoy winter sports and Après Ski parties, and for our members there's the member weekend. Most of our activities are open to non-members, but as a member you have the advantage of member discounts.

Furthermore, you don't need to worry about an initiation ceremony. Like mentioned before: we want to give you the best time of your life. That means we don't do initiation ceremonies and instead give you the choice in whether or not you want to participate in our activities. Also, you're free to join us any time of the year, and unsubscribe too!

## **Become a member!**
